

Message to Landlords of stores to be closed (as announced on 5 November):

Landlords of the stores to be closed will in due course receive a letter to confirm the actual date on which the store closed. This letter will detail the arrangements that will be made to pay any rent which is due for the trading period during Administration. Further information will also be provided regarding the Company's intentions for the immediate future of the property.

The Company also takes this opportunity to confirm it has the protection of the Court moratorium. This prevents Landlords conducting any action to take possession of the stores without the prior consent of the Court or the Joint Administrators.

Thank you for your continued support and cooperation whilst we continue our efforts to stabilise and save as much of the business as possible.
